

# Intensive Hands-on Two Day Workshop with Workstation Practice

## Programme

Both days are a combination of lectures and periods of self study.

Gina is keen to maintain informality and so adapts to the delegates' preferences on each day; the below structure, therefore, is a guideline only.

For the periods of self study at the end of Day One and the beginning of Day Two the times quoted are for information only – there is no expectation as to the length of time delegates spend in the self study sessions.

### Day One

|                      |  |
|----------------------|--|
| <b>08:00</b>         | <b>Zoom meeting opens</b>  |
